## DIE LANGE NACHT DER MUSIK

### 21:45 – 23:15h ANNUSHKA – Tales of the Heart

I've decided to become a singer when I was 3 years old. Since childhood I have been singing in different Choirs, ensembles at different occasions from school Concerts to city events in Murmansk, Russia (where I was born and lived till I was 20 years old). Then I Went to Norway for one year Music studies and after that moved to Sweden where I completed World Music education at Academy of Music and Drama of Gothenburg. I have cooperated with different musicians from various countries, for some I have recorded my voice on their CDs.

I sing in more the 10 languages and perform from acapella up to orchestra arrangements. To give genuine beautiful sound to the folksongs I cooperate with different musicians that play that particular style.

For the Long Night of Music in Munich I'm preparing a fragrant bouquet of vibrant folksongs from Russia, Bulgaria, Ukraine, Iran and more. I would like to call it "Tales of the Heart" as every traditional song is a story...
